

Technical drawing of the back of the BACH M1000 smartphone. The drawing shows the following components from top to bottom:

- Two circular camera lenses and a flash unit, arranged in a horizontal row.
- A rectangular fingerprint sensor.
- A USB-C port.
- A 3.5mm audio jack.
- A power button.
- A volume rocker.
- A battery cover latch.

The drawing is a line art representation, showing the outline of the phone and the internal components. The text "BACH M1000" is visible on the back cover.
