Resin UG: (article no. 306186)

Triphenylphosphat Cas No. 115-86-6

[Candidate List of substances of very high concern for Authorisation - ECHA](#)

The substances subject to authorisation are listed in Annex XIV of the REACH Regulation.

The most recent amendment to Annex XIV was made by the European Commission through Regulation (EU) No 2022/586 (last updated on 8 April 2022).

Our supplied products do not contain any substances listed in Annex XIV.

Another exception is aluminium and copper alloy, for example in connecting technology, that contains lead (CAS No. 7439-92-1).

Point 6(b) of Annex III to Directive 2011/65/EU exempted the use of lead as an alloying element in aluminium containing up to 0,4 % lead by weight.

Point 6(c) of Annex III to Directive 2011/65/EU exempted the use of lead as an alloying element in copper containing up to 4 % lead by weight. According to the Article 33/1 of REACH Regulation 1907/2006/EG, we inform you that brass components and certain aluminum alloys contain the substance lead in concentration more than 0.1%. These products are registered in the SCIP database from ECHA.

We confirm that the products supplied by us comply with the requirements of the REACH Regulation (EC) No. 1907/2006 and that BBC Cellpack GmbH fulfills its duty to communicate. This information is based on data provided by our suppliers as well as current data sheets and reflects our present state of knowledge.

Please note that tapes, gel sleeves, cable ties, sleeve bodies, plug-in bodies and shrink products which you receive from BBC Cellpack GmbH meet the definition of articles.

“Article: an object which during production is given a special shape, surface or design which determines its function to a greater degree than does its chemical composition;” (REACH Article 3) There is therefore no obligation to provide safety data sheets for these products in accordance with REACH Article 31.
