

**SCHUKO socket with screw terminals**  
**grey****Product Data Sheet**

|                                        |                             |
|----------------------------------------|-----------------------------|
| With child-protection                  | No                          |
| Frequency                              | 50-60Hertz                  |
| Nominal voltage                        | 250Volt                     |
| Halogen free                           | Yes                         |
| Nominal current                        | 16Ampere                    |
| Model                                  | Protective contact (SCHUKO) |
| Connection type                        | Plug clamp                  |
| Colour                                 | Other                       |
| Mounting method                        | Surface mounted (plaster)   |
| Type of fastening                      | Mounting with screw         |
| Material                               | Plastic                     |
| Material quality                       | Thermoplastic               |
| Surface protection                     | Untreated                   |
| Suitable for degree of protection (IP) | IP44                        |

**SCHUKO socket with screw terminals**  
**grey**

SCHUKO socket with screw terminals double pole, 16 A 250 V, DIN 49 440,  
with connecting terminals in compliance with VDE 0620, single,  
with labelling field 10 x 48.5 mm
